MADRID, Nov. 26.—All Spain is today stirred by the demands of former Premier Romanones that Spain immediately take steps to align herself with the allies against Germany.

The former premier's first declaration of such a policy was made yesterday at a dinner tendered by the liberal party. More than 3,000 persons were present and his appeal for action against Germany was greeted with applause.

More than 20,000 persons took part in the demonstration held in favor of granting amnesty to the persons imprisoned following the revolutionary movement of last August.

Gold Snuff Box May Reveal Bold Autoists Who Kidnaped Officer

If you have a cold, better stay indoors; if you are likely to sneeze, better hide in the cellar. For every "ker-choo" within hearing of a Washington or Alexandria sleuth is taken today as a clue in the now famous "half pint mystery."

Sheriff H. B. Fields, of Alexandria, in exploring the automobile wrecked by a man and woman on the road to Alexandria several days ago, and which was found to contain 500 half pints of whiskey, discovered a daintily decorated snuff box. After closely examining his find, the sheriff used his powers of deduction and decided that either the man or woman was addicted to the use of snuff.

Hence the search for vagrant "ker-choos."

SING PATRIOTIC SONGS EVERYWHERE, SHE URGES

Sing "America" and "The Star-Spangled Banner," sing anywhere and everywhere, at the movies, in the stores, and even on the street cars. Not only is it patriotic, but in the case of Washington street cars, it might relieve the tedium and the hardship of many a weary hour.

The suggestion has been made by Mrs. Harry William Streeter, originator and the president of the organized "Sing America and The Star-Spangled Banner" campaign.

"The movement is being taken up by the entire nation," says Mrs. Streeter, "and its scope is broadening until even singing on the street cars is included among the perfectly 'all-rights' of present day etiquette."

THREE U. S. ARMEN RESCUED AFTER 60 HOURS ON SEA

PARIS, Nov. 26.—Three American naval aviators, in a relief hospital near here, are sufficiently recovered today to return to their duties after being near death from cold, exhaustion and hunger which they suffered recently when their hydro-airplane came down off the coast. They are Ensign Hennrich Smith, pilot, who was former Yale basketball player; Frank J. Brady, of Newark, N. J., observer, and Gunner L. P. Wilkens.

The three men, in a huge plane, left a French base Thursday in search of enemy submarines. When they failed to return in the usual time a search was instituted. After several hours the searching machines returned without having found a trace of the missing aircraft.

A general warning was sent out to all allied boats off the French coast and the search continued through Thursday, Friday, and into Saturday.

The three men, after having drifted at sea for sixty hours clinging to a portion of the hydro-airplane.

STUDENTS MAY AID IN STORES' XMAS RUSH

No vacation will be given the pupils of the Washington schools the week before Christmas, it was stated today by E. L. Thurston, superintendent of schools. But all students in good standing who wish to obtain employment with the local merchants for that week are to be given leave.

In answer to a resolution introduced by Isaac Gans at the last meeting of the Chamber of Commerce, Superintendent Thurston wrote Secretary of the Board of Education, assuring him that the school board would not interfere with the store employment of students in good standing, but no vacation would be declared.

"This action helps us out of a dilemma," said Isaac Gans today. "We must have help in handling the terrific rush of last minute shopping for that week, and the students will save the situation. Moreover, it is an excellent thing for the students, who are studying in the schools, and they can get invaluable experience in the stores during the week before Christmas."

CAMP MEADE, Md., Nov. 26.—Four Signal Corps men and two civilians are in St. Agnes' Hospital, Baltimore, today, as a result of an automobile crash yesterday on the Washington-Baltimore boulevard, near Jessup. The machine in which the men were riding was bound for Baltimore and crashed on a turn, turning turtle, and crushing the occupants beneath it.

The most seriously injured is Thomas Malone, manager of the Camp Meade branch of the Western Union Telegraph Company, who is suffering from concussion of the brain. Charles E. Coltrane, of Baltimore, driver of the machine, was cut and bruised about the body.

The soldiers, all members of the 304th signal corps battalion, are J. Lee Crosby, twenty-two years old, of 1324 Eastern street, Baltimore; fracture of left shoulder and lacerations of the knee and eye; John B. Sadler, eighteen years old, Baltimore, chest and back injured; George M. Rhein, twenty-two years old, Baltimore, more bruises and lacerations of the body; August Conroy, Townsend, Md., chest injured, probably internally.

August Mencken, John Mencken, and C. M. Purden, all of Baltimore, were injured yesterday when the automobile in which they were traveling to Camp Meade was struck by an Annapolis Short Line car just outside of Baltimore. The car was traveling along the tracks for several yards and finally jammed against a telegraph pole.

USAACS COMING HERE FOR THEIR TURKEY

"Usaacs" are going to eat their Thanksgiving dinner in Washington. Arrangements were completed today by Colonel Ridley for the use of the White Lot by the 120,000-man Capital Unit which is to reach the Capital after a 210-mile hike early this week.

Headed by the seventy-piece Ambulance Band, which is led by Jack Crow, a former cowboy from Arizona, some seventy ambulances, motor trucks, and field kitchens will parade through the streets of Washington. At noon on Thanksgiving Day the "Usaacs" will give an exhibition drill on the White Lot at the Ellipse. Forming for "mess" they will demolish their daily "chow" and then will show how a well-trained "outfit" cleans up and polices camp. After which they are to demonstrate litter and ambulance drills, finishing in time to march to the U.S.A.A.C. Georgetown football game.

CAPITAL TO LEAD NATION IN FOOD PLEDGES, BELIEF

Ninety-nine per cent of the families in the Brightwood division of the District have signed food pledge cards. This division was the first of the thirty-five divisions to complete returns to Federal Food Administrator Clarence R. Wilson.

The canvass in Washington will not formally end until tomorrow, but women workers in the Brightwood section have finished up their task and turned in a complete report.

Tabulations and returns from the other divisions are expected tonight or tomorrow. Women are being sought to lead Washington to lead the nation in food pledges. No other city has had more than a 90 per cent registration. Most of them have been between 70 and 80 per cent. Mr. Wilson believes that Washington will be near the 100 mark.

WHAT IS ALIEN ENEMY? HERE'S PLAIN ANSWER

What is an alien enemy? Here is the definition given by the Department of Justice:

"All natives, citizens, denizens or subjects of the hostile government being enemies of the United States at the time of the outbreak of the war, and who are not actually naturalized in the United States. (At present the only hostile government is the Imperial German government.)

"German-born children of naturalized Germans are not enemy aliens, provided naturalization of parents completed before the children have reached maturity. Otherwise they are alien enemies, unless naturalized themselves.

"American-born children of German citizens residing in the United States are not alien enemies, unless before maturity they became naturalized in Germany.

"Naturalization of alien enemies cannot be completed during the period of the war.

"German-born children of American citizens temporarily residing in Germany are not alien enemies. If, however, parents' residence is permanent in Germany, the offspring must have established by suitable action citizenship in the United States.

"A native, citizen, denizen or subject of the German empire is an alien enemy, even though he has taken out first papers in the United States or has been naturalized in any other country."

AUSTRIAN BREAK HANGS ON U-BOAT DECISION

A break with Austria now hinges on whether or not the sinking of the American steamer Schuykill in the Mediterranean was a deliberate act on the part of Austria, according to officials of the State Department today.

So far it is difficult to learn whether it was a German or Austrian submarine that sunk the American steamer, but since Austria has claimed responsibility for submarines operating in that zone, the conclusion is that Austria was responsible in this case.

It is known that the United States Government will lift the matter to the bottom. To prove the case against Austria, the United States will send a fleet of submarines to the Mediterranean, and will weight with President Wilson in deciding on an immediate declaration of war with Austria.

CONTROL OF MESSAGES TO GERMAN TIGHTENS

Tightening of the control of messages of all sorts sent from this country to Germany and an easing of the exchange situation with neutral countries is indicated in the regulations which have just been approved by Secretary McAdoo, for use in enforcing the espionage and trading with the enemy acts in so far as they relate to the Treasury Department.

The enforcement of the regulations will be through the co-operation of the Federal Reserve Board, the war trade board, customs service, and consular board.
